

June 12, 2020

Dear Parents & Guardians

I hope that this message finds you and your family safe and healthy.

I am sure that you would agree, that it has been a challenging school year. We continue to learn a lot about resilience, perseverance, and managing change. We are so proud of our students. They are learning such important life lessons and they are developing new work habits and skills that will certainly help them in the future.

I am reaching out today to let you know that our school secretaries are required to verify mailing addresses for every student. You can expect to hear from your school secretary by phone or electronic communication. This is critical because we intend on mailing all students' Provincial Report Cards at the end of June. If we cannot verify your mailing address, we will not be able to send your child's report card and other relevant information home to you. We have a responsibility to protect your child's personal information and so, address verification is an important first step. Kindly note that if your address cannot be confirmed, the report card will be held at the school until your child's re-entry next school year. Please make every effort to confirm your mailing address with our secretaries.

Finally, you are strongly encouraged to visit our website throughout the summer for updates and information as they related to the plans for re-entry to school. We will post as much information as possible, and will share our re-entry plans based on the guidance and directives we receive from the Ministry of Education and Public Health Officials.

Take good care, stay safe, and be kind to one another.

Tricia Stefanic Weltz  
Director of Education
